Ports Regulator to Announce Record of Decision on the NPA's 2027/28 Tariff Application

The Ports Regulator of South Africa (PRSA) will announce its Record of Decision (RoD) on the National Ports Authority's (NPA) tariff application for the 2027/28 financial year. This will be the final NPA tariff decision issued by the Regulator before it transitions into the Transport Economic Regulator (TER).

In terms of the National Ports Act, 2005, the Regulator is mandated to approve the tariffs the NPA charges for the use of port infrastructure and services. The decision follows a rigorous evaluation of the NPA's application, including a review of its cost and investment proposals, as well as submissions from port users and other stakeholders.

Members of the media are invited to attend the announcement and to put questions to the Regulator. Written questions will also be responded to.
